

# PRIVACY AND ANTI-SPAM CODE FOR OUR DENTAL OFFICE

Please refer to Appendix A for a glossary of defined terms.

## INTRODUCTION

The *Personal Information Protection Act* (PIPA) came into effect on October 23, 2003, and governs the collection, use, and disclosure of Personal Information within British Columbia's health care system, and the *Personal Information Protection and Electronic Documents Act* came into effect in 2001 and governs the collection, use and disclosure of Personal Information other than Health Information.

In addition, Canada's anti-spam legislation came into effect on July 1, 2014. Canada's anti-spam legislation regulates how businesses and individuals communicate electronically.

We collect Personal Information about our patients directly from the patient or from the person acting on their behalf. Occasionally, we collect Personal Information about a patient from other sources if we have obtained the patient's consent to do so or if the law permits.

Privacy of Personal Information is an important principle in the provision of quality care to our patients. We understand the importance of protecting your Personal Information. We are committed to collecting, using and disclosing your Personal Information responsibly and in accordance with the law. We also try to be as open and transparent as possible about the way we handle your Personal Information.

This Office has developed this Privacy and Anti-Spam Code (this "Code") to provide a general description of our information and communication practices, how to obtain access to your Personal Information, how to amend incorrect information, and how to make a complaint to our Office or the Information and Privacy Commissioner. As the rules governing the collection, use, and disclosure of Personal Information may change, our practices will evolve and adapt in response to such changes and this Code may be amended from time to time as a result thereof.

We ask that you contact our Privacy Officer in the event you have any questions or concerns regarding this Code or its implementation.

## ANTI-SPAM POLICY OVERVIEW

When we communicate with you, we may communicate via electronic means, such as e-mail. We strive to ensure that our communications do not contain any spam. "Spam" refers to any unsolicited Commercial Electronic Messages (or CEMs) that have been sent without consent. In that light, we require all CEMs from our Office to be in compliance with

Privacy Laws. If and when we communicate with you using CEMs, you can opt out of receiving such messages by following the "Unsubscribe" link included at the bottom of such messages or by contacting *Hilary Friesen*. Any questions or concerns with respect to CEMs from our Office may be addressed to *Hilary Friesen*. In the event that our Office inadvertently sends out a CEM without consent, we commit to investigating every such instance and assisting the employee(s) or managers involved with renewing their understanding and awareness of our compliance responsibilities.
